I walk along the streets of my town
but I feel Like I don't belong
I do the things that we did together
but everything just seems wrong
ever since you left here,
since you set me free

girl you've got to make love
Make love bring you back
you've got to make love
Make love bring you back

Now I'm the master of my four
I've got cable and color tv
like the king inside his castle
feels like a jail to me

girl you've got to make love
Make love bring you back
you've got to make love
Make love bring you back
