Sweetly flavoured midnight tease
Kiss away my hearts disease
Run like river to the sea
Don't deny me this pleasure please
Break my bones out of bounds
Soft caressed to these sounds
Cut your name into my tree
Don't deny me this pleasure please

I'm into you
Play with my mind
I'm lost in my machine
Only you can claim me
I'm into you
You're drugs to me...
Only you can claim me

Sweetly flavoured midnight tease
Kiss away my hearts disease
Run like river to the sea
Don't deny me this pleasure please
Break my bones out of bounds
Analyse to these sounds
Cut your name into my brain
Don't deny me this pleasure please

I'm into you
Play with my mind
I'm lost in my machine
Only you can claim me
I'm into you
You're drugs to me...
Only you can claim me
