=====  
The Turtles - Sound Asleep  
=====

Ba da da da da da da  
Daytime dreamin', gettin' involved only halfway deeo  
Nighttime schemin', seemin' to be like I'm sound  
asleep

CHORUS:

Sound asleep, spendin' my time on a dream that I'm  
about to see come  
Sound asleep, keepin' my mind on you  
Children singing, something for all little yous & mes  
Winter springing, summer or fall  
Drifting away day by day, farther away (far away)  
The better I feel  
Ba da da da da da da  
Ba da da da da da da, da da da da

(chorus)

(horns & scat singing, fading out)
