When I take a look around this house

At all the things to see

There's some pictures on the shelf

Whispering to me

Chorus:

You can go anywhere

There's no place like here

You've got me babe, you've got me babe

You've got me running when you call

I'm somewhere that I thought I'd never fall

Yeah, you've got me babe

There was a time when it wasn't clear

What I held in my hands

I had a stretch out on the road

To finally understand

You can go anywhere

There's no place like here

But You've got me babe, you've got me babe

Chorus

Bridge:

It took the darkest night

To find the morning light

You held a candle from afar

Yeah, you've got me babe  
You can go anywhere

There's no place like here

But You've got me babe, you've got me babe

You've got me running when you call

I'm somewhere that I thought I'd never fall

You've got me turning baby, all around

You've got me baby

You've got me baby

You've got me, you've got me, you've got me baby

You've got me, you've got me, you've got me baby
