If you feel it's a burden that all my senses are focused  
only on you, I will leave now  
If I made you suffer 'cause I couldn't control my  
feelings, I will go now

I was afraid that like a "hook", you might fly away from  
my side  
I couldn't say "pew..." and rest even for a day

I didn't know then that I was hurting you with my foolish  
obsession  
Just know this before you go; that I am a man who only  
wanted to love you

So stupid was I, an idiot, a scumbag who couldn't even  
protect you  
If you stay beside me 'till the end, you'll be more  
heartbroken, you might fall

It's a good thing that someone who will set you free will  
come to your side, will come to your side  
I'm not gonna make any more of trivial excuses, don't  
look so sad

With my mouth shut, I only wanted to wish your  
happiness; I am not that man (for you), no  
With a puff (of air) in the cold wind; I warmed up your  
cold hands

Deep within my arms, after a year, we had our first kiss  
I gave myself to you, I always do

Just know this before you go; that I am a man who only  
wanted to love you  
So stupid was I, an idiot, a scumbag who couldn't even  
protect you

If you stay beside me 'till the end, you'll be more  
heartbroken, you might fall  
It's a good thing that someone who will set you free will  
come to your side, will come to your side

Thank you for giving me happy memories; you go on  
and don't remember, forget everything  
Don't look at me with worried eyes, I'm fine

Someday all my heart's wounds will be cured  
Someday I will meet a nice person

Forget!

Yeah, forget everything and hurry up and go!  
Before I change my mind and hold onto you

Out of habit, I might call you without knowing  
hello hello hello hello

Missing you crazy, even if I'm at your door, be cold  
(just ignore me)  
Just know this before you go; that I am a man who only  
wanted to love you

So stupid was I, an idiot, a scumbag who couldn't even  
protect you  
If you stay beside me 'till the end, you'll be more  
heartbroken, you might fall  
It's a good thing that someone who will set you free will  
come to your side, will come to your side.
