I wanna thank you for the birthday card

I like to read it every now and then

When I get bored

And let me thank you for the korny words

You did so well to hide the facts:

You only wanted to score.

Chorus

*Here's a song to say

Thank you very much

It's unbelievable how

You don't give a fuck

About a damn thing

You don't care

You never did

I wanna say thank you

For giving me nothing good

I know It must have been hard but

You have always been giving

PS. Don't expect a birthday card

Next year.*

Looking back at all the games you played

I probably should have

But you know that I just didn't see

I have learned from the mistakes I made

And I could never be the person that you want me to be

Chorus

And now I'm staring at that birthday card

I got a packet of matches

And the feeling is strong

I light it up and as I watch it burn,

I try to figure out the planet that

You came from

Chorus
