I hear you calling out that same old fight  
I recommend you take a number join the back of the  
line

'Cos if I have to hear it one more time  
I guarantee my disposition will not be this benign

You think everything is cool  
but you don't see how they all played you for a fool

So you be you  
and I'll be me  
I don't have time for Drama Queens  
Don't wanna hear about your scene  
It doesn't mean a thing to me  
Up here the air's too thin  
and I can't have you wasting all the oxygen

You've got your arguments and I've got mine  
But you're the one to change your story every single  
time  
So I'll look on as you get left behind  
And try to heal from all the stab wounds you left in my  
spine

And I'm so sick of all your lies  
smile to my face then you attack me from behind

So you be you  
and I'll be me  
I don't have time for Drama Queens  
Don't wanna hear about your scene  
It doesn't mean a thing to me  
'Cos up here the air's too thin  
and I can't have you wasting all the oxygen

Here's a story 'bout a kid that I used to know  
Started strong, but faded in the afterglow  
I can't believe he used to be my friend  
I barely recognise his face since we came to an end  
Now I see it's just a waste of time

I'll stay out of your life  
If you just stay the fuck out of mine  
See you later hope you have a nice life  
I'll sing it to you for the very last time

So you be you  
and I'll be me  
I don't have time for Drama Queens  
Don't wanna hear about your scene  
It doesn't mean a thing to me  
'Cos up here the air's too thin  
and I can't have you wasting all the oxygen
