Sign, red vacancy
And in my mind
How could this be
You showed your emotions
Just the previous night
Now how can i be witnessing
Such a sight I see tonight
As I walk towards the door
My thoughts began to leak
Do I wanna blow the score
Or just relieve you with this freak
But I turned and walked away
And these three words began to leak
Go to hell baby
Cause I know I saw you go into a motel

Time sat close to me
And it helped me unwind
A day or two to release
I kept my composure
When the evidence that might
Have kept me from holding my piece
And putting up a fight
I voided your excuse
You can save your song and dance
And further more the proof

You done it was laying in your pants
Just pack your shit and leave
Remember these three words and scam
Go to hell baby
Cause I know I saw you go into a motel

Go to hell baby
Cause I know I saw you go into a motel

I used to grab you
And hold you
And love you
I used to grab you
And hold you
And love you

I used to grab you
And hold you
And love you
I used to grab you
And hold you
And love you

Hotel
Motel
Holiday Inn

Grab you
And hold you
I used to grab you
And hold you
And love you

Go to hell baby
Cause i know I saw you go into a motel
And love you
