

## **Tweet** **"My Man"**

Visit "[My Man](#)" on MotoLyrics.com

The one thing me and your ex-girl  
Have in common, baby  
We share the same love  
For the same ole man  
And I'm the only girl, the only girl  
(Listen)

So, how does she feel  
She can come around  
(Come around)  
Calling you  
(Calling you)  
Like it's all good  
Violating what I've worked so hard for  
Listen

It's really not a game  
When it comes to the level  
Of respectin' me  
An' must I say this, no more

He's my man, my turf  
That's why I come first  
Loves me and appreciates my worth  
Through the good and bad  
Happy and the sad  
Through all the hard times  
It's true love defined

He's my man, my turf  
That's why I come first  
Loves me and appreciates my worth  
Through the good and bad  
Happy and the sad  
Through all the hard times  
It's true love defined

I, I'll give you reasons to claim your love  
Because she needs to know where to stand  
And I don't mean to talk about this relationship  
But I think your ex has a plan to come around  
(Come around, try to take you from me)

Violating what I've worked so hard for

And it's a shame  
I must repeat myself  
And I'm not gonna say it no more

He's my man, my turf  
That's why I come first  
Loves me and appreciates my worth  
Through the good and bad  
Happy and the sad  
Through all the hard times  
It's true love defined

He's my man, my turf  
That's why I come first  
Loves me and appreciates my worth  
Through the good and bad  
Happy and the sad  
Through all the hard times  
It's true love defined

Let him go, let him go  
(Let him go)  
(Let him go)  
Let him go  
(Let him go)  
Let him, let him go  
(You gotta let him go)

He's my man, my turf  
(My man, my turf)  
Yeah  
(He's)  
Oh, you gotta let him go  
(My heart)  
(His love)  
(My man)

Yeah, yeah, my man, yeah, my turf  
(My man, my turf)  
(He's)  
[Incomprehensible]  
(My heart)  
His, his love  
(His love)  
(My man)  
My man

An' I love you, can't nobody love you like I do  
Can't nobody love you like

Let him go, let him go, let him go
