[Chorus]

The two us just you and me
The two us just you and me

[Verse 1 Tweet]

Let me tell you this, you are my inspiration
90 was a good year
Through all of this show biz you were patient and
You are the star, my dear, yeah yeah yeah

[Chorus]

The two of us just you and me
The two of us just you and me

[Verse 2 Tashawna]

If I had one wish when I'm through growing
To be just like
Especially and through all of this show biz you didn't
know it
It would benefit me yeah

[Chorus]

The two of us just you and me
The two of us just you and me

[Bridge]

[Tweet] You have my nose
[Tashawna] I wear your clothes
[Together] And no
[Tashawna] Can't no one come between we
[Tweet] Let everyone know
[Tashawna] It's okay to show
[Together] Let it show
[Tweet] Just what you mean to me

[Repeat 3x]

The two of us just you and me
The two of us just you and me
