All that I own, you've been so good to me  
(You stupid for this)  
If, if, if, if, if this world were mine  
Whoop! Kwame, we gon' take 'em back like polka dots,  
holla  
Wicked!

Boy won't you put the needle on the record  
(Turn the lights off)  
Let's get closer than, closer than most  
(T-T-Turn the lights off)

I think we can get to know each other better if we  
(Turn the lights off)  
And let's grab a glass, let's make a toast with me

You and I, in a room, so dark  
Hold me tight, all night, lights off  
Kiss me, everywhere, I can never dream  
It's like heaven, heaven

You gotta put the needle back on the record  
(Turn the lights off)  
Let's get closer than, closer than most  
(Turn the lights off)

I think we can get to know each other better if we  
(Turn the lights off)  
And let's grab a glass and let's make a toast

Here we are, you and me, just us two, yeah, yeah  
I'm feelin' high, so high, when I'm 'round you  
Don't hold back, let it go, show me how you feel, yeah  
Ride it all night, all night, like I'm going with  
(You gotta put)

You gotta put the needle back on the record  
And baby let's get closer  
Let's get closer than, closer than most  
(Turn the lights off)

I think we can get to know each other better if we

(Turn the lights off)  
And let's grab a glass and let's make a toast  
(Make a toast)

Hit the switch to the lights tonight  
And make it right like a first class flight  
We ignite like smokin' a pipe  
And turn it up like we rockin' the mic

You give me hype, I feel horny and trife  
So polite you might make me your wife  
I ain't right the way I'm livin' my life  
See how I am when you turn off the lights

I gotta jones all down in my bones  
I gotta little twitch up in my spine  
And if I let you go and feel on me  
You gonna have to play this one mo' time

You gotta put the needle back on the record  
(Turn the lights off)  
Let's get closer than, closer than most  
(Turn the lights off)

I think we can get to know each other better if we  
(Turn the lights off)  
And let's grab a glass and let's make a toast  
(Make a toast)

You gotta put the needle back on the record  
(Turn the lights off)  
Let's get closer than, closer than most  
(Turn the lights off)

I think we can get to know each other better if we  
(Turn the lights off)  
And let's grab a glass
