(Andy Sears)

The tighter the turn  
The harder the means of escape  
The deeper the nail  
The stronger the coffin we make  
You're free--glory  
Hope you'll find silence

The biggest attraction  
The hardest the habit to break  
The sharper the needle  
The lesser the mark that we make  
In my heart is something  
More precious than gold  
You know something  
I love you--  
Take it all

Young hearts in pain  
Look to the rain--  
So lonely--  
Nothing to say  
Cloudy and grey

The louder the brave  
The darker the secrets they fear  
The weaker the mind  
The stronger the voice will appear  
Oh you'll get over glory  
Song of joy today is gold  
All this time what have we solved  
Circle on circle of

Young hearts in pain  
Look to the rain--  
So lonely--  
Nothing to say  
Cloudy and grey

sleep tight  
tired of learning--  
how are you?  
sleep tight  
tired of learning--  
how are you?  
there may be times  
I dream away

Young hearts in pain  
Look to the rain--  
So lonely--  
Nothing to say  
Cloudy and grey  
So lonely--  
Young hearts in pain  
Who's going to take your nightmares away  
They're going to take you for one last song  
So lonely--
