### "The Craft"

Crystal breath on infant lips  
Clear eyes see worlds that don't exist  
Sparkle 'why',--and curiosity  
Watch the child become a man--  
Who will live again, inside you  
One day he will live again  
The craft, the craft

Teachers word, Cane and command  
Remove these clouds and head from sand  
Shattered dreams, --alone and cold  
Cling to a warmer source of release and vow  
"I will live again inside you one day I will live again",--  
the craft, the craft

old men die but to be young  
the rest is yet to be sung--,  
they will live again, inside you  
one day they will live again  
one day they will live again  
--we will live again  
--I will live again  
--I will live again  
One day--  
One day--  
One day I will live again  
The craft, the craft--  
Inside you  
Inside you  
To live again inside of you--  
To live again inside of you--  
To live again inside of you--  
Of you--
