Hey now, got to try and relate
Mundane, the order of the day
Hey now, where's the will to thrill
Is this all for nothing?

Burn me out
Crashing now
Will the new day find the cured?

Burn me out
Ashes fall
Hard to be content with it all

Waiting in shadows
Happiness evading me
Longing forever
Waiting for the day

Don't wait for me to stroke your ideology
Same vision of a world we don't share
Simple joy may be the best medicine
The past is dead; it wasn't the future vision that we had

Maybe it's not so bad having a hungry heart unfed
Is your collar better than mine?
It only looks better on the other side
Happiness is in the hunt they say

Waiting in shadows
Happiness evading me
Longing forever
Waiting for the day

Happiness is in the hunt they say
Still I try to do it the best way I can
