Open eyes  
Roll out of bed again  
And go through the motions  
Awake and unconscious.  
Look in the mirror  
There I am again  
Feeling so empty  
The greyest shade of sick.  
Sometimes my eyes deceive  
I try not to blink  
I think I see the beauty again  
Has it returned?  
Then it's gone; the moment's lost  
Sinking all over again  
This false sense of hope is far too much.  
I can only run so far before I tire and fall  
Falling again and again I stay down.  
I wish I was someone  
I wish I was something  
I wish they could see me again  
I was trying too hard

Fall apart, like so many broken hearts  
Infect my mind, like so many left behind  
Cross my heart, as I hope to die  
Twisting the knife so slowly  
As I crawl away again

I want to be no one  
I want to be nothing  
I want to be invisible  
Until my tears have dried

Fall apart, like so many broken hearts  
Infect my mind, like so many left behind  
Cross my heart, as I hope to die  
Twisting the knife so slowly  
As I crawl away again

Crawl away...into one more day  
Just another shade of grey
