I'm proud to be a Christian,
Where at least I know I'm free,
And I won't forget the man who died, on the Cross for
me...
FREEDOM!!!

The world would say, do whatever makes you happy
JUST BE FREE!
No bondage just liberty.
But what they won't say is you become a slave to sin,
Bound in the chains of death, you become a victim.
Get all you can get, and be all that you can be,
But you'll die
Die in the yoke of slavery...

Sin has your soul in bondage...
With all the debt to pay for it...
God will set you free from it...
God will set you free...

I can't believe that abortion's not genocide,
And all of God's laws they just set aside,
Legally they DO WHAT'S WRONG,
Standing tall with no care for God at all...
This freedom is a gift but you use it to corrupt yourself,
To get what you want, and promote your selfishness.
This freedom should be used to build yourself in
Christ,
So when you die die,
You'll have hope for eternal life...

We thank God for this freedom...
Because He laid down his life for us...
Make the choice to follow him...
And God will set you free...
FREEDOM!!!
