"Through With You"

Let Go. Let go of me.
I'm through with all your ways.
I said let go of me...
I'm through with you in JESUS' NAME...

This feeling of sadness be gone from me.
God let me be complete!

God it's hard to understand the trials of this world
sometimes...
But I know if I trust in you i'll get through them,
It's all in time...It's all in time...

Satan's trying to mess up my life...
But he's got it all wrong...
Because we believe in Jesus Christ.
WE WILL OVERCOME!
Even when I see there's no hope...
I know God's on my side...
With our faith we will win...
WE WILL OVERCOME!

These chains of slavery be gone from me.
God let me taste my Victory!
