She's sittin' there with only a shallow breath
To filled with sire's sleepiness to care
She's starin' out in to the sky
She's wondrin' when she's gonna fly
High...
High...

Will it be near or far?
How soon can she fly away?
Will she find what she's lookin' for?
Or will she just fade away?

He's sittin' there with only a shallow breath
To filled with sire's sleepiness to care
He's starin' out in to the sky
He's wondrin' when he's gonna fly
High...
High...

Will it be near or far?
How soon can he fly away?
Will he find what he's lookin' for?
Or will he just fade away?

This sky's where boy and girl meet
To fulfill their beautiful dream just to live?
They rais their young girl together
And now she's just like them-

(Musical break)

(Their) girl's sittin' there with only a shallow breath
To filled with sire's sleepiness to care
She's starin' out in to the sky
She's wondrin' when she's gonna fly
High...
High...

Will it be near or far?
How soon can she fly away?
Will she find what she's lookin' for?
Or will she just fade away?

Near...
Far...
Can she fly?
Lookin' for...
Or fade away...
