[Stage Banter by Zack:]

Hey, for all you bootleggers out there, this is the song that's been floating around that hasn't floated around yet

It's called "Always a Reason"... It goes, uh, it goes like this...

[Zack sings:]

I've been dead for life  
And it feels alright  
Because I ain't home  
Unless I'm here with her

I stand up half way  
Waiting for the day  
When I don't hear  
That knock outside my door

Oh, I just sit alone and wish  
That you were next to me  
Knowing I'm the reason that you are  
Sitting here beside me  
Helping me to feel  
A little better than I was before

I spend all my time  
Waiting to be defined  
The words help  
But they don't leave the page

So I sit and stare  
Because I know I got you where  
You won't meet up  
Unless you choose to know

So I just sit alone and wish  
That you were next to me  
Knowing I'm the reason that you are  
Sitting here beside me  
Helping me to feel  
A little better than I was before

Yea, I'm pregnant

So I just sit alone and wish  
That you were next to me  
Knowing I'm the reason that you are  
Sitting here beside me  
Helping me to feel  
A little better than I was before  
Than I was before  
Than I was before
