[Zack sings:]

Don't you miss your family and your friends?
Don't it feel like this road never ends?
And don't your freedom make you feel so small?
You knock one down and there's another wall

And so you let it creep back in your memory (in your
memory)

And you let it live there in your mind
Because you're too scared to be alone
You're too scared you'll be left behind

Are you on your way?
Are you on your way? Yea?
Are you on your way?
Are you coming home?

Are you on your way?
Are you on your way? Yea?
Are you on your way?
Are you coming home?

And don't you hate living with that emptiness?
You got someone, but you're a lonely mess?
Don't you hate waiting on a better day?
You know that it will leave you as soon as it gets here
anyway.

But you can't erase it from your memory (your
memory)

So you let it live there in your mind
Because you're too scared to be alone
You're too scared you'll be left behind

Are you on your way?
Are you on your way? Yea?

Are you on your way?
Are you coming home?

Are you on your way?
Are you on your way? Yea?

Are you on your way?
Are you coming home?

When are you coming home?
When are you coming home?

It's kinda like a race in time
You can't see the sign
But you are not alone

So even if you change your mind
You can't turn back time
But you are not alone!!
But you are not alone!!

Are you on your way?
Are you on your way? Yea?
Are you on your way?
When are you coming home?

Are you on your way?
Are you on your way? Yea?
Are you on your way?
When are you coming home?
