You gaze in the gaze field looking for a way out
There ain't nothing else there,
No, no need to come outa
Got a shit brown future, nothing but time
So let me live your life, you can live mine

Â... he's on the wall yeah you got to run
You don't need no sleet, don't f*ck no one
So say what you wanna say, say what you wanna say
Just let me take yours, so you can take my way

Chorus:

So just don't forget to Â... whisper Â...
Cause they feel, so old they don't run no more
Show me a day, wish me better things
Cause these days don't lie
You're running out of time

Your days don't count (?) lock out the door
Don't tell me that a key won't work no more
Tell me that you don't, tell me that you don't worry
She's got a Harley soul we all seem to live by

Chorus:

So just don't forget to move Â... whisper Â...
Cause they feel, so old they don't run no more
Show me a day, wish me better things
Cause these days don't lie
You're running out of time

Why don't you believe in me?
Why don't you believe in me?
Why don't you believe in me?
Why don't you believe in me?

Chorus:

Just don't forget to move Â... whisper Â...
Cause they feel, so old they don't run no more
Show me a day, wish me better things
Cause these days don't lie
You're running out of time
