[Both sing:]

You're critical
Emotional
Paralyzed by your own design
Your lies stay hidden in the darkness
But when the sun comes up
Your time is up

[Zack sings:]

You're secured by your insecure situation
Give me a nice tall glass of confident confirmation
Hold up a sign man and tell me where to go

[Both sing:]

Let it all come down
Let it all come down
And if it don't swallow me
Take back the air I breathe
And go ahead and give it to someone else

[Zack sings:]

I never asked for this crutch
For this much
Inside need to stay out of touch with the world outside
The best prescription to stay alive

[Sean sings:]

There's a secret hidden in the back of my brain
That's telling me that I've got to more to gain
Than to lose this time
I'm falling far behind

[Both sing:]

Let it all come down
Let it all come down
And if it don't swallow me
Take back the air I breathe
And go ahead and give it to someone else

Let it all come down

Let it all come down ([Zack:] Let it all come down)

Let it all come down ([Sean:] Let it all come down)
Let it all come down
And if it don't swallow me
Take back the air I breathe
And go ahead and give it to someone else
