[Zack sings:]

I came into this world as nothing
I ain't gonna leave that way
I came into this world as nothing
I ain't gonna leave that way

So in my hands remain time
There's only me to blame

[Both sing:]

I guess you could say
I'm looking for something
To be
To hold
To own
To call mine
To call mine

But I ain't found it yet
But when I do
It's all mine!

Give me back the rights you read me
I can't seem to make it make sense
Oh, give me back the rights you read me
I can't seem to make it make sense

Because no one ever said
That at the end
I wouldn't get a second chance

[Zack sings:]

From down here there's no place to go but up!

[Both sing:]

I guess you could say
I'm looking for something
To be
To hold
To own
To call mine
To call mine

But I ain't found it yet

But when I do
It's all mine!

[Sean sings:]

Maybe I'm on a road that ain't been paved yet
And maybe I see a sign that ain't been made yet
Maybe I'm on a road that ain't been paved yet
And maybe I see a sign that ain't been made yet

[Zack sings:]

Or maybe I'm just stuck in here
Feeling like I gave
So much more to you
Ohowhoa, than you gave to me

[Both sing:]

I guess you could say ([Zack:] You could say!)
I'm looking for something
To be ([Zack:] TO BE!)
To hold ([Zack:] TO HOLD!)
To own ([Zack:] TO OWN!)
To call mine ([Zack:] AGAIN!)
To call mine ([Zack:] AGAIN!)

But I ain't found it yet ([Zack:] IT YET!)
But when I do
It's all mine! ([Zack:] IT'S ALL MINE!)
([Zack:] IT'S ALL MINE!)

[Sean sings:]

I guess you could say
I'm looking for something
To be
To hold
To own
To call mine
To call mine

But I ain't found it yet
But when I do
It's all mine
