Welcome to this daydream  
Made by dirty hands  
I wait for you to jump in  
But I bet you never can

Forget what you are leavin'  
Here you'll get aments  
What's firm and what's deceiving  
Here they all will blend

Quiet air is grating  
Soft wind drowns your words  
What's twisted is still turning  
And familiar never returns

Welcome to this pit where no-one fits  
Our heart's behind that door  
Our flawless whore  
Welcome to this pit  
Nothing you'll miss  
No villains at our door  
Our flawless whore

No-one's flawless  
No-one's fearless  
Until the breaking stain  
It all is shameless  
It all is painless  
Until they know your name  
They say you're flawless  
With lies you've never heard

Welcome to this daydream  
Made by dirty hands  
I wait for you to jump in  
But I bet you never can

Welcome to this pit where no-one fits  
Our heart's behind that door  
Our flawless whore  
Welcome to this pit  
Nothing you'll miss

No villains at our door  
Our flawless whore
