Iâ€™m floating sounds  
Hear me, Iâ€™m broken  
Push me down or lower  
I see my sad way so open  
Nightmares seem to know me

Better still your blood still flowing  
Warm flesh canâ€™t feel me  
I know madness you thought unreal  
And the madness grows me

My god is liar, She has my pain  
She denies me, I steal her flame

Donâ€™t ask for my name  
I never canâ€™t tell  
Donâ€™t ask whatâ€™s in my veins  
Inside the shell

Better still your blood still flowing  
Warm flesh canâ€™t feel me  
I know madness you thought unreal  
And the madness grows me

My god is liar, She has my pain  
She denies me, I steal her flame

Donâ€™t ask for my name  
I never canâ€™t tell  
Donâ€™t ask whatâ€™s in my veins  
Inside the shell
