You can't break the spell
We all come from the air
Blade being our friend
Black fire as our hair
We sail on the silvery tide
Moonlight guards our steps
To emerge from the blight
To conquer your depths

Torn as assunder
I'll find you again
I long for my angel
To share my reign
I'll tame the thunder
To find my fair
I long for my love
To halve my spoiled reign

We carry the spell
This hate that we bare
Won't break and won't bend
We'll do what you don't dare
Across the oceans on silvery tide
Moonlight hides our steps
To claim what is right
To conquer your depths

Torn as assunder
I'll find you again
I long for my angel
To share my reign
I'll tame the thunder
To find my fair
I long for my love
To halve my spoiled reign
