

Twilight Guardians "Skin To Skin"

Iâ€™m the black sheep
Of this damned family
Devilâ€™s friend
I know the loss
The sorrow, everything
Had my share in beds

I donâ€™t look behind
Wonâ€™t step to the side
This hellion inside wonâ€™t step aside

Sleepless nights shredded
By the hazy days
Days turned against me
We could get closer
Would need nothing else
From the shades I found thee

I donâ€™t look behind
Wonâ€™t step to the side
This hellion insideâ€™s

Been flyinâ€™ free of gravity
Crawled upon the dirt
Skin to skin, no morality
Danced till fingers burned

Been flyinâ€™ free of gravity
Crawled upon the dirt
Skin to skin, no morality
Danced till fingers burned
