Hey child of mine
Did I tell you that it feels all right
We're both here to be satisfied
I know it, we could make it right

Hey child of mine,
Tell me how you feel inside
I'll be tender, I'll be kind
I know we'll get through this time

Hey old guy,
I don't care now what you try
I've been through this thousand times
Tomorrow you won't have a dime

I am new world's way
This is how we play
Welcome to this game
Rules on the screen everyday

I am new world's way
This is how we play
Welcome to this game
Rules on the screen everyday
