Iâ€™m safely aside
I live from my instincts
Canâ€™t see you reasons
Canâ€™t see your rhymes
I take my steps
Need nothing to follow
All those miles Iâ€™ll make mine

Been there, been gone
Iâ€™m here, I am nowhere
With you Iâ€™d stay for a while
Might feel like home
There for a heartbeat
Iâ€™d trade my sins for one smile

Wandered through the confusion as my feet
Ten thousand eyes and still no belief
Wandering kind with spirit os no needs
This travellerâ€™s home if you want him

Been there, been gone
Iâ€™m here, I am nowhere
With you Iâ€™d stay for a while
Might feel like home
And there for a heartbeat
I gave away all those lies

Wandered through the confusion as my feet
Ten thousand eyes and still no belief
Wandering kind with spirit os no needs
This travellerâ€™s home if you want him
