From pestilence my hagseed borns
Satiated the plague, praise obscene
God given swollen tongue of yours
Just spared to lick my carcass clean
Crescive boil inside
Malformed child of mine

What secrets should he hide
Scar the heart
Rancid child of sacred sign
Share the thoughts of mine
Servile slave of grime
Scar the mind
Scar the soul
Scar the god

Osculate my seed
Devour my breed
Abattage of diseased souls
Shall crown you whore of leperthrone

Fall from plague
Nigrescent grace
