All sympathetic eyes
The looks that seem to stray
Watching round this guise
Starting to decay
I never knew there's someone
Who'd make me understand
I can't believe what's done
My outrageous brand
So tell me why I can't find
The way inside your mind
This shallowness around us
Is making me blind
Tacit creeping on my back
The echo's getting drastic
Sarcastic firebrand in you
Cause I can see what you do
In the fervor's frontier with you
Never thought I'd lapse in to
Oh, the pitfall of my own
No sympathetic eyes
Much closer to the bone
Silence feeds my anger
Surrounded, but alone
The frontier seems too wide
I've lost it all with hate
When passion dried to anger
Didn't mean to desecrate
Tacit creeping on my back
The echo's getting drastic
Sarcastic firebrand in you
Cause I can see what you do
In the fervor's frontier with you
Never thought I'd lapse in to
Oh, the pitfall of my own
Tacit creeping on my back
The echo's getting drastic
Sarcastic firebrand in you
Cause I can see what you do
In the fervor's frontier with you
Never thought I'd lapse in to
Oh, the pitfall of my own
