Visit "[Wasted](#)" on MotoLyrics.com

The time which we had wasted, had passed forever
The love which we had tasted, is now disgraced

For years we had apated been,
now it's like centuries for me
Less forlorn I might be,
if it has been only a dream...

So fell she asleep
And lost were life and love
As in my dream
In the dream... of tragedy

As I take a breath of night,

I cry through the twilight
I lead her into the night,
and as an angel she was dressed in white

So fell she asleep
And lost were life and love
As in my dream
In the dream... of tragedy

And life will be going on,
and never will she be reborn
And so it will be,
from lonely night to lonely dawn
