That's funny you mentioned
It is the lack of my patience
Nobody ever told me why to take these pills
That's weird and I don't follow
Too much crap to swallow
Tell me what to take, when to drown my thrills

Shock of the isolation
Silent devastation
Trapped in a shell, maybe I've just flipped
That's weird and I don't follow
I'm feeling too hollow
There's too much to handle, I am rather ripped

Do you think you can make it?
Need to get out and break it?
Do you think you can tell who really rules you? Yeah...

There's no way out of here - The only voice you'll hear
Inside the isolation shell
No way out of here - They're getting way too near
Deeper everyday, in every way

Inside the isolation
The row of desolation
Nobody ever told me why to drown my thrills
Peeping through a keyhole
Got to find a new role
They told what to say, when to take these pills

Do you think you can make it?
Need to get out and break it?
Do you think you can tell who really rules you? Oh...

There's no way out of here - The only voice you'll hear
Inside the isolation shell
No way out of here - They're getting way too near
Deeper everyday...

There's no way out of here - The only voice you'll hear
Inside the isolation shell

No way out of here - They're getting way too near
Deeper everyday, in everyway

There's no way out of here - The only voice you'll hear
Inside the isolation shell
No way out of here - They're getting way too near...

Do you think you can make it?
Need to get out and break it?
Do you think you can tell who really rules you? Yeah...

There's no way out of here - The only voice you'll hear
Inside the isolation shell
No way out of here - They're getting way too near
Deeper everyday, in everyway, oh yeah...
