Shiny high heely, pimps and witches
Fancy Cribbs with lazy bitches
On a higher ground you see
Crap on wheels on MTV?

Pointless decoration
The mental masturbation
Thieves & witches - do you see?
A pimp with bitches on your screen

Reckless fool, new local Idol
Way down, now who's suicidal?
Thieves are sucking all the hope
Soon you're at the end of the rope

Pointless decoration
The mental masturbation
Thieves & witches - do you see?
A pimp with bitches on your screen

Well hidden violence
Stand still, remain in silence
Can't take it anymore!
Still the same crap you love to adore

I cannot get you there, please drop the faith
I cannot let you go there
Don't mean to let you down, sweet little Kate...

Wicked witch in a secret peepshow
A plastic bride, she cannot lay low
Local star of a display window
Singing 'bout love and self-esteem

Pointless decoration
The mental masturbation
Thieves & witches - do you see?
Same old crap on your TV

I cannot get you there, please drop the faith
I cannot let you go there

Don't mean to let you down, it is not too late...

I cannot get you there, please drop the faith
I cannot let you go there
Don't mean to let you down, sweet little Kate...

Pointless decoration
The mental masturbation
Thieves & witches - do you see?
A pimp with bitches on your screen

Well hidden violence
Stand still, remain in silence
Can't take it anymore!
Still the same crap you love to adore

I cannot get you there, please drop the faith
I cannot let you go there
Don't mean to let you down, it's not too late...

I cannot get you there, please drop the faith
I cannot let you go there
Don't mean to let you down, sweet little Kate...
