See them lurking with canes in their hands  
Sneaking over your shoulder, surveillance expands  
Index fingers that wave in the air  
Are enticing the middle ones to rise?

[Follow the prophet and the guide  
The stigmas are bleeding open wide]

What do you say?  
When vice Jesus cries in the night  
For your sins and your life  
Breeding dismay  
Harassing the sheep gone astray  
As the halos decay

Hear them preaching with despise in their eyes  
Converting disciples with twisted surmise  
Such low proof of ther sacrilegious wine  
Never intoxicated my kind

What do you say?  
When vice Jesus cries in the night  
For your sins and your life  
Breeding dismay  
Harassing the sheep gone astray  
As the halos decay

What do you say?  
When vice Jesus cries in the night  
For your sins and your life  
Breeding dismay  
Harassing the sheep gone astray  
As the halos decay

[solo]

What do you say?  
When vice Jesus cries in the night  
For your sins and your life  
Breeding dismay  
Harassing the sheep gone astray

As the halos decay
