If you're scared then walk away, cause there's no need
to feel ashamed,
Yeah we all feel the same.
I fell in love with rock and roll until I found out it was
false,
And plastered on a face for me.

Woah, where's your passion, where's your fire tonight,
Woah, I can't believe there's nothing you're willing to
hide,
Woah, I want to believe,
I set my body on fire so I could be free.

So I could be free, yeah.
So I could be free,
So I could be free, yeah.

And don't be told it can't be done, because the best all
die young,
Yeah we all feel the same.
And if there's nothing left to say, just have the guts to
disagree,

Or plaster on a face for me.

Woah, where's your passion, where's your fire tonight,
Woah, I can't believe there's nothing you're willing to
hide,
Woah, I want to believe,
I set my body on fire so I could be free.

So I could be free, yeah.
So I could be free,
So I could be free, yeah.

Free,
Free.

Free,
So I could be free, yeah.
So I could be free,
So I could be free, yeah.
