This is what you need to stay for  
And I can't always be here in the middle  
I am what you need to take there  
I can't feel this, I can't feel this  
Take a hand and hold on tight 'cos  
This is what we'll do, we'll stick together.  
I am what you need to take there  
I can't feel this, I can't feel this  
Congratulations may we present  
That your house is on fire  
And your insides cave in.  
Another dilemma, another mistake  
Another and now I'm awake.  
If I try then I can swim  
I only have to cross the ocean, have to cross the ocean  
in a day  
I can swim, I only have to cross the ocean, have to  
cross the ocean  
Two thousand and one, three thousand and two  
I have crawled to meet you in the middle  
This is what you need to take there  
I can't feel this I can't feel this  
Light from the North, air from the sea  
So difficult to be in there the middle  
I am what you need to take there  
I can't help this I can't help this  
Congratulations may we present  
That your house is on fire  
And your insides cave in.  
Another dilemma, another mistake  
Another and now I'm awake.  
If I try then I can swim  
Cause I only have to cross the ocean, have to cross the  
ocean in a day  
I can swim, I only have to cross the ocean, have to  
cross the ocean in a day  
If I try then I can swim  
Cause I only have to cross the ocean, have to cross the  
ocean in a day  
I can swim, I only have to cross the ocean, have to  
cross the ocean in a day
