I'm watching you walking away
From what you chose
Like water on glass
You distort my view

The sun will catch our hope
And I want to ask the question
Can we go home tonight?
Can we go home tonight?

And I will take you there
And I'll take you there
Can we go home?
Tonight, I'll take you there

Line after line
Stroke after stroke
Here comes the part
When I start to choke
On words that I rewrote
On my words

The sun will catch our hope
And I want to ask the question
Can we go home tonight?
Can we go home tonight?

And I will take you there
And I'll take you there
Can we go home?
Tonight, I'll take you there

(I'll take you there)
By hand
(I'll take you there)
On my own
(I'll take you there)
Watch me do this
(I'll take you there)

(I'll take you there)

On foot
(I'll take you there)
And I'll set the tone
(I'll take you there)
Watch us do this

Can we go home tonight?
Can we go home?
And I will take you there
And I'll take you there
Can we go home?
Tonight, I'll take you there
