Hark our steeds for present service neigh  
We are legion  
Soon our swords with English blood will meet  
The signs of war advance  
Behold the sun does shine upon the field  
Hate is rising  
Insert your spurs into your horse's hides  
The banners of war advance  
Glory is beckoning  
with lustre and fame  
We ignore the banners of truce  
and set forth on our righteous claim  
Our ranks are standing proud  
Triumphant in heart  
Awaiting the orders to march  
with their lives most willing to part  
Our swords will mark our stand  
By glory this our right  
Once more unto the field  
Once more we stand and fight  
Our triumph soon at hand  
In battle shining bright  
Glory is beckoning

with lustre and fame  
We ignore the banners of truce  
and set forth on our righteous claim  
Our banners are hanging proud  
with splendour and might  
We ignore all dangers at hand  
and set forth on our battle bright  
Hark our steeds for present service neigh  
We are legion  
Soon our swords with English blood will meet  
The signs of war advance  
Behold the sun does shine upon the field  
Hate is rising  
Insert your spurs into your horse's hides  
The banners of war advance  
Our swords will mark our stand  
By glory this our right  
Once more unto the field

Once more we stand and fight  
Our triumph soon at hand  
In battle shining bright
