Serenades of the seas  
Deceptive angels lust  
The winds are calling upon me  
With gentle strokes they wish to please  
And their sweetness I adore  
Serenades of the seas  
Deceptive angels lust  
The sirens sing to me  
For their sweetness I impore  
Such lovely fantasies  
By tender songs I'm put at ease  
Serenades of the seas  
Deceptive angels lust  
The winds are calling upon me  
With gentle strokes they wish to please  
And their sweetness I adore  
Pure goddess beauty  
Loved by righteous man  
Such lovely fantasies  
By tender songs I'm put at ease  
Serenades of the seas  
Deceptive angels lust  
The sirens sing to me  
For their sweetness I impore  
Such lovely fantasies  
By tender songs I'm put at ease  
Serenades of the seas  
Deceptive angels lust  
The winds are calling upon me  
With gentle strokes they wish to please  
And their sweetness I adore
