A blakcened sky - bleeding from lacerations
Infestation revealed
Mankind's final plight
A shelter from self - annihilation
An all out war - genocide of the species
Extinction achieved
Mankind's grim revenge
Total destruction complete
Human resistance
Excellence now achieved
An epic war - preying on all life
Conclusion disbelieved
Mankind's final plight
A shelter from self - annihilation
Human resistance
Excellence now achieved
Abandoning all hope
In this destructive downfall
Death is godsend
When nothing is left but pain
Elaborate bloodshed
Brings the greater rewards
The slaughter is spurred
Onward the extreme
Abandoning all hope
In this destructive downfall
Death is godsend
When nothing is left but pain
Human resistance
Excellence now achieved
