I know your deepest fears  
I'm your friend, let me take you there  
You will feel the touch of fire  
The taste of flesh in depraved desire  
Have you seen the things I've seen  
Perverted minds and sickening dreams  
I can sense your fading power  
Welcome to the 11th hour  
I have seen all things unreal  
Obscuring clouds could not conceal  
Vision blurred by fantasy  
Diluted mind revel in ecstasy  
I know all things untold  
Magic spells and wizards old  
A tragic fate revealed this hour  
A labyrinth of illusive power  
Have you seen the things I've seen  
Perverted minds and sickening dreams  
I can sense your fading power

Welcome to the 11th hour  
Lain to rest by the sword  
Enemies fell by the edge of the sword  
Great anger we caused  
With our blades we hewed their king  
And let his life go forth

Gilded helmets and splendid weapons  
Fast horses and shining coats of mail  
Well prepared for spoil and rape  
'gainst the bastard king we did prevail

So come ye from the shadows  
Fear no longer for your wretched lives  
The enemies among us  
Have by our swords been pacified  
The next morn they rode for revenge  
Our ambush was prepared  
Their anger had blinded their eyes  
Their deaths were assured
