Making love make it serious
I'm the one you want
So we say so we do but I
I'm nothing but a tease for you
So you think you're right so you think I might
I believe it's a miracle
To please you all night long

Everybody wants to blame everybody takes the shame
I believe it's all for you, I believe

We are alone just one minute hear
We are alone

Can't you see what I've done to you?
Throughout all these years
Now it's time for your credit card
I think you'll understand
Baby gives me more gives me so I'm sure of what
I believe it's a miracle
To please you all night long

Everybody wants to blame everybody takes the shame
I believe it's all for you I believe

We are alone just one minute hear
We are alone I can't hesitate
We are alone just one minute hear
We are alone

Got my hands upon your eyes
I'm the devil in disguise
Oh I need you can't you see?
Only you can set me free
I feel I'm home and I'm alone
