The shadows are waltzing  
The moon beams are calling  
Like a dream I am falling into  
Silver threads lined with dew  
Twinkling stars seem to shine just for you

So, sleep  
Fall into night's indigo hue  
Believe me it's true  
There's nothing that I would not do  
For my dream is beautiful things like you

Behind your eyes  
Are endless blue skies  
You travel places I want to come to  
Each breath that you breath is a brush stroke  
That leads me to you

So, sleep  
Fall into night's indigo hue  
Believe me it's true  
There's nothing that I would not do  
For my dream is beautiful things like you

It seems far away  
But there once was a day  
It was grey in a world without you  
To this heart like a dove from above  
A miracle of your love found me

So, sleep  
Fall into night's indigo hue  
Believe me it's true  
There's nothing that I would not do  
For my dream is beautiful things  
My dreams is beautiful things  
My dreams is beautiful things like you
