Chorus: Cause this is Eastside Long Beach

(Where ya' at?)

Beeeeeeeeeach

(Where ya' at?)

Beeeeeeeeeeeeeeeeeeeeeach

(Where ya' at?)

(Where)

(ya')

(at?)

(2x)

Ba-da-da-ba-da-ba-da-ba-daaa

(That's the type) (Yeah)

(Cuz a Eastside party ain't no joke)

[Warren G]

Smoke, smoke... then Locc

(Cuz a Eastside party ain't no joke)

[Tripp Locc]

The first stop PCH and atlantic, the homefront

Poly apartments where the party still jumps

From dusk to dawn, makin me yawn, cuz I'm out late

Smokin in the cut with the homies, 86 the date

Don't feel like trippin tonight, so I get back

More concerned with my paper, cause now I'm on
contract

Wonderin if this meal ticket a guarantee

Me a way out of the Eastside of LB

But you know like I know, ain't no place like home

Gone for a second best believe that I'm back home

24-7 where the love just don't stop

Comedian done tell the homies on the block

Get together, cuz ain't nothin changed but my mood

I might get to tweak and start to trippin on fools

But I chill, I hangs with them niggaz that's real

Headed to the Eastside nigga you know the deal

(Chorus)

[Wayniac]

Now as time passes by I sit and wonder where it all
went

Days at King Park when free lunch was the lick
Hangin out baggin with the homies on the block
Some workin jobs, others slingin rocks
Blazin up that thai bumpin shit from way back
All my niggaz in the cut tryin to keep away from flack
Everybody drinkin so we all gotta stroll
Some drinkin 8-Ball others black and gold
Gotta get my hair cut so you know I gots to peel
Bellin back from PCH on my way to Bobby Neal's
Tighten up my fade make a stop at VIP
I'm on the lookout, the latest hit from DJ Warren G
At night we steppin scandalous tryin to party with the
skirts
Wit a glass in your hand, time to put in work
The Eastside steady dippin plenty drama in the name
Wit nine into that nine folk peepin everything

Chorus

I step right out the club to the party by my mama house
It don't close till four and everybody still hangin out
Just-a-laughin, talkin, crackin them jokes
Got the munchies like a mutha we still gonna smoke
Loc I know I can't make it to the nickel tonight (And why
is that?)
Chocolate Thai got me through for the night
So carry on cuz I'm gone in the wind my friends
Showin' nothin' but the love for the city I'm in

[Warren G]

If you can groove to this well then smoke
If you can move to this well then Loc
Because ain't no party like an Eastside party
Cuz a Eastside party ain't no joke
(repeat 2X)

Chorus 3X

If you can groove to this well then smoke
If you can move to this well then Locc
Because ain't no party like a Eastside party
Cuz a Eastside party ain't no joke
(repeat 3X)
