I'm free to speak my mind
I'm free to leave it all behind
I close my eyes and suddenly I see
I take a look at how my life would be
If you were here with me

(So free)

Once in a while, once in a lifetime
Everything's so clear
Once in a while I open my mind
Let it rain on me

I spread my wings and fly to southern skies
And I am heading for that ray of light

I'm free to speak my mind
I'm free to leave it all behind
I close my eyes and suddenly I see
I take a look at how my life would be
If you were here with me

So free
If you were here with me
So free

All is quiet and so enchanting
Here's another day
I hear a tune and it reminds me
Of your voice yesterday

I spread my wings and fly to southern skies
And I am heading for that ray of light

I'm free to speak my mind
I'm free to leave it all behind
I close my eyes and suddenly I see
I take a look at how my life would be
If you were here with me

(So free)

Someday, somehow
I'll find a place to stay
Here on my way

I'm free to speak my mind
I'm free to leave it all behind
I close my eyes and suddenly I see
I take a look at how my life would be
If you were here with me

So free
If you were here with me
So free
So free
