Can you see the stars tonight?
Do you hear them calling?
They're breathing love into my life
Like a brand new morning

This is how it's meant to be
I just want you to believe
All you need's already here
In me

On and on and on
It's a revelation
On and on and on
Like a deep blue ocean

Nothing to hide
We've gotta share this simple life
On and on and on
Revelation

Can you feel the love tonight?
Do you share my vision?
There's a bright, eternal light
Like a new dimension

This is how it's meant to be
I just want you to believe
All you need's already here
In me

It goes on and on and on
It goes on and on and on

On and on and on
It's a revelation
On and on and on
Like a deep blue ocean

Nothing to hide
We've gotta share this simple life
On and on and on
Revelation

This is my revelation
This is my revelation
This is my revelation
This is my revelation
