Stars shine brighten when you look at me
Day or night you're comin' over me
I see right through you, I know you feel it too
Nothin' to lose I need too, I have too

Until you love me

I won't get out of your way
Until you love me
I don't mind I'll be okay
Until you love me

It's the way you make me feel
A desire that you reveal
Leaves me breathless on my knees
Until you love me

Until you love me
Until you love me

Stars shine brighten when you look at me
Day or night you're comin' over me
I see right through you, I know you feel it too
Nothin' to lose I need too, I have too

I won't get out of your way
Until you love me
I don't mind I'll be okay
Until you love me

It's the way you make me feel
A desire that you reveal
Leaves me breathless on my knees
Until you love me

Until you love me
Until you love me
