And every time I get to thinking
With every thought of you I want to shout aloud
And then I think about the love I have inside me
How you brought what's inside out

So now love's made it to the outside
I want to tell the world of everything I've found
Somehow your love released a spring wound up inside
me
You turned my living upside down

And I can't tell the bottom from the top
Am I standing on my head or on my heels
Is it cloudy, is it bright
Is it day or is it night
Am I wrong or am I right
And is it real

Tell me where you learned your magic
The spell you used the day you made me fall
Maybe now I know that love is no illusion
I'm upside down but ten feet tall

And I can't tell the bottom from the top
Am I standing on my head or on my heels
Is it cloudy, is it bright
Is it day or is it night
Am I wrong or am I right
And is it real

On and on I've drifted with the tide
I didn't know that love could move me so
You filled my life with love and much more besides
And you showed me which way to go

And I can't tell the bottom from the top
Am I standing on my head or on my heels
Is it cloudy, is it bright
Is it day or is it night
Am I wrong or am I right
And is it real

And I can't tell the bottom from the top
Am I standing on my head or on my heels
Is it cloudy, is it bright
Is it day or is it night
Am I wrong or am I right
And is it real
