Julie puts her make up  
on her face ev'ry day  
she's a woman  
yes I know  
she's a woman  
even so  
she's the talk of all the USA  
oh  
yeah  
the talk of all the USA.  
I went out with Julie  
to a party one night.  
She's a woman...  
I was mad I completely  
turned blind  
she wouldn't let me love her  
and it blew my mind  
Julie said man  
I must be very sure  
.  
she told me that she'd

never been loved before.

Then I put my coat on

we decided to go.

She's a woman...

On the way back home

I tried with Julie again

She's a woman...

In the car with remote

controlled hands

I knew that little Julie

she would understand

when I got there before my very eyes

I'll tell you man

I got myself a big surprise.

Julie had that something

other girls didn't have.

She's a woman
